

IEEE International Symposium on Industrial Electronics ISIE'17

19-21 June 2017, Edinburgh, Scotland

Special Session on

“Integrated Design of Sensing and Actuation for Human Support Applications”

organized by

Principal Organizer: Seiichiro Katsura (katsura@sd.keio.ac.jp)

Affiliation: Keio University

Organizer 1 : Yasutaka Fujimoto (fujimoto@ynu.ac.jp)

Affiliation: Yokohama National University

Organizer 2 : Toshiyuki Murakami (mura@sd.keio.ac.jp)

Affiliation: Keio University

Organizer 3 : Kiyoshi Ohishi (ohishi@vos.nagaokaut.ac.jp)

Affiliation: Nagaoka University of Technology

Call for Papers

Theme:

Integrated design of sensing and actuation based is key technology for development of human support applications based on robots and intelligent machines. The scope of the session is present the most innovative results to the large audience of ISIE2017.

Topics of interest include, but are not limited to:

- Intelligent Sensing and actuation
- Sensations and Interfaces
- Applied Abstraction and Recognition of Human
- Advanced Force Sensing and Control
- Power Assist and Human Support
- Real-World Haptics
- Augmented Human / Super Human

Submission procedure, deadlines, and author instructions:

A manuscript submitted to the Special Session of ISIE 2017 must be in the IEEE double format with single space 10p fonts and figures included in the text, so the length of the manuscript of 8 pages long in PDF format can be evaluated. For your convenience you may download the WORD [template.doc](http://www.ISIE2017.org) from the conference website: <http://www.ISIE2017.org>

Deadlines:

- Reception of full paper: December 15th 2016
- Paper acceptance notification: March 1st 2017
- Camera ready paper reception: April 10th 2017
